Reapplication of Previous Dig Proposal Filed \_\_\_\_\_

**Application Notes**

- ① The dig coordinator(s) must be a current Category 1 Partner or Category 2 Trustee.
- ② Complete this application fully and in detail, using additional sheets if necessary.
- ③ Additional documentation such as maps and diagrams is accepted.
- ④ A dig proposal is necessary whenever a dig is expected to take more than three days of digging.

A) Tools and materials used (shoring, gates, ropes, sleds, wheelbarrows, etc.)

---

---

B) Where will dirt and rock from the dig be stored when digging? Will this be the permanent location?

---

---

C) Why do you want to dig here? What is the contribution to the Williams Canyon Project? Is there historic or scientific value?

---

---

D) Reclamation Plans:

This includes, but is not limited to reseeding, removal of spoil piles, and removal of digging and scientific apparatus. The original party should handle restoration activities at the dig site. The objective is to complete the work and not negatively affect the cave.
